

Tonal Energy Initial Setup Instructions

- **Download TE Tuner (Tonal Energy) on school iPad, home iPad or mobile phone**
 - Open app. It should Open in the “Tuner” tab
- **Set Pitch for specific instrument**
 - Touch “Transpose”
 - Scroll to Correct instrument and click “Done”. This should save the setting.
 - Flute – Concert Instruments (C +0)
 - Bassoon – Concert Instruments (C +0)
 - Clarinet– Bb Clarinet (Bb -2)
 - Saxophone – Alto Sax (Eb -9)
 - French Horn – (French Horn (F -7)
 - Trumpet – Bb Trumpet (Bb -2)
 - Low Brass – Concert Instruments (C +0)
- **Set “In Tune Range” and Mode**
 - Click above Transpose. I should read “Wind”
 - Mode should be “Wind”
 - Set “In Tune Range” to “Wide” (for beginners)
 - Damping should read “Normal”
- **Set Metronome**
 - Touch “Metro” tab
 - Use + and – to set tempo to 80
 - This will vary, but is the current tempo used for exercises
 - Subdivision should be set to Quarter Note or Eighth Note
 - Meter should be set to 1/4 or 4/4
 - Volume can be adjusted by holding the “volume setting”
 - Metronome will run when the app is switched to tuner to allow for simultaneous use
 - The metronome can be used with headphones
